## DESCRIPTION

We are proud of our Premium Bath Lift because, simply stated, it's the best bath lift you can buy. When you take it out of the box you'll most likely notice how polished the design is and how dense the bath lift components seem to be. This is what true top-of-the-line bath lifts feel like. Good impressions should continue to be made as you note everything from how easily the bathtub lift by AmeriGlide assembles and how easy to use it is to how comfortable you are when you do use it.

With a bathtub lift from AmeriGlide, you can easily care for a family member in your home or you can help give a family member an added security so they can maintain their independence.
